

## Non-Voters Must Register Tuesday; Must Note Party

Greenbelt residents, who are not listed as Maryland voters, must register Tuesday to vote in the June 24 primary election.

Registration will be held in the American Legion home on Southway rd. from 9 a. m. to 9 p. m. Tuesday. Election balloting will be held in the same place, Monday, June 24, from 7 a. m. to 7 p. m.

Prospective voters must have filed a declaration of intention to vote last November, to be eligible for registration. Persons who became 21 while residents of the state may register without previously filing the declaration.

Many veterans who voted absentee ballots in the 1944 general election failed to note their party preference, according to Samuel A. Wyvill, chairman of the board of election supervisors. These men must visit the registration place Tuesday to declare their party affiliation, to vote in the primary.

Much local interest is manifest in this year's primary because of the candidacy of Thomas R. Freeman for county commissioner on the Democratic ticket.

Freeman is the first local man to seek county office in the town's nine year history.

Freeman is opposing the county Democratic organization's "dictatorial policies."

There will be five contests on the Democratic county ticket and two fights on the Republican side.

Much interest will be shown also in the fights for the governorship in both parties.

John S. White, Greenbelt town attorney, is a candidate for attorney general on the ticket with H. Streett Baldwin who is seeking the Jeffersonian gubernatorial nomination.

## 1946 Town Fair Set For August

The fifth annual Greenbelt Town Fair was definitely scheduled for Aug. at a meeting Sunday night of representatives of the organizations sponsoring exhibits in the 1945 Fair.

Who will manage this year's show, and such decisions as budget, theme, and policies will be decided at a second meeting, Sunday evening, June 16, at 8:30 p. m. in the Co-op office over the Drugstore. To this planning meeting are invited not only official representatives of last year's exhibiting groups, but any residents who are interested in working on the 1946 Town Fair.

Up for consideration Sunday night is a proposal to place Greenbelt's Annual Town Fairs in the permanent and continuing control of a council of representatives from participating organizations, which would select a planning committee of five to manage the community event.

## Girl Scout Camp Held June 18-21

## Town Votes \$500 For July Fourth

Financial backing was assured the Greenbelt July Fourth celebration when the Town Council voted \$500 Monday night to cover prizes, fireworks and miscellaneous expenses. The agreement with groups operating concessions to return 50% of their receipts to the committee is expected to defray any costs in excess of \$500.

Sixty prizes will be given at the track meet to be held on the Fourth, and several awards will be made for floats in the parade.

## GHA Board Plans Expanded Service

As a start in expanding its medical services to the community, the board of directors of the Greenbelt Health Association at its meeting last week adopted the following plan as its immediate goal: a general practitioner, an obstetrician and gynecologist, a pediatrician, and part time specialists in eye, ear, nose, throat and skin. Arrangements for surgical work are also planned.

The Health Association has received fifty applications from doctors from all parts of the country who are desirous of practicing here.

## Petition Protests FPHA Vacillation

As a result of the GCS quarterly membership meeting last week, a petition is being circulated in Greenbelt protesting the failure to achieve any concrete results on the proposed expansion plans. The petition reads "To the Field Office of FPHA: In view of the desperate need for expansion of store facilities in Greenbelt, we, the undersigned residents, protest the undue delay in ground rent negotiations. We urgently request that a definite deadline be set for the end of negotiations."

Any person interested in helping circulate the petition should call Mrs. Edith Nicholas at Greenbelt 3314.

## Council Confers With Klutznick

The Town Council was scheduled to meet today with FPHA Commissioner Philip M. Klutznick at 3 p. m. Mayor George F. Bauer was called at his office Wednesday by Field Office Director Winston who said that the Commissioner wished to talk over several matters with the Council.

Town Manager Gobel is out of town for ten days attending the City Managers Conference in Montreal.

## Legion To Check Center Finances

At its June 6 meeting, the Greenbelt American Legion Post 136 unanimously passed a resolution to refuse the Youth Center a contribution from Post funds now accumulated or to be accumulated, until the Post is fully informed in writing by responsible authorities of the Youth Center concerning an adequate financial program for the Center. The Post tabled another resolution, authorizing the Post commander to appoint a six-member soliciting committee to get individual contributions from Post members until the requested information is received from the Youth Center authorities.

The members approved a grant of \$115, to be administered by Lynn Buck and Clifton Cockill, for the purchase of equipment for a junior baseball team under sponsorship of the Legion Post, so that Greenbelt teen-agers may participate in county and District baseball tournaments. Also voted were a \$12 grant to reimburse the Community Band for expenses in the Memorial Day exercises, and a \$10 contribution to United Jewish Relief.

CORPL. AND MRS. J. L. ROGERS, JR.

## Greenbelt Veteran Weds Mademoiselle

"There is one thing you never have to worry about me," Cpl. Joseph L. Rogers, Jr., wrote last October to his parents, "I will never marry a foreign girl."—But in Rheims, France, on June 3, Mlle. Anna Marie Ducoin, 20, became the bride of Corporal Rogers, 24.

The young son of Councilman and Mrs. Rogers wrote a hasty letter to his parents in which he retracted his previous words on that score, and also asked them to forget that he used to prefer school-teachers. Anna Marie is a bank clerk.

Mr. and Mrs. Rogers are looking forward to seeing their new daughter-in-law. Corporal Rogers is expected here around June 15. He has been in the Army four years and overseas two years. He plans to enroll in the University of Maryland in a veterinary medicine course. His parents have applied for a Greenbelt apartment for him and his bride.

## Youths' Building Bought For \$1200

The Youth Center and Memorial Park Committee announced Monday the successful termination of negotiations for a building in Greenbelt to house the Youth Center.

After weeks of negotiation, during which plans concerning two other buildings were defeated practically on the eve of fulfillment, Councilman Joe Rogers, committee spokesman, reports that "ac-

## Citizens Discuss Mutual Housing

Opposing plans of the Federal Public Housing Authority and the Public Roads Administration to build the Washington-Baltimore Parkway immediately adjacent to the town, the Citizens Association voted at its meeting last Monday to send letters of protest to the two agencies, supporting the proposal that the super-speed highway should be located east of the Schrom airport. Objections to the location of the parkway within 100 feet of one portion of Greenbelt included the dangers to children

## GHS To Graduate Sixty-Six Tonight

This evening at 8 p. m. Greenbelt High School is holding its ninth annual graduation exercises in the elementary school auditorium.

The theme of this year's exercises is "Our America of the Future" to be discussed by several of the graduates themselves. The high point of the evening will be reached when sixty-six diplomas and five major awards are presented by the principal of the high school, John Speicher. There will be two Faculty awards, two American Legion awards, two Kiwanis awards and one American Legion Auxiliary award. A farewell address will be given by Teddy Fox, senior class president.

## Registration Date For Swim Classes

The Recreation Department will hold registration for swimming classes next week. All children interested in learning to swim should register early as only a certain number will be taken to fill the classes.

## Gobel Resigns FPHA Post To Be Full-time Manager

The Town Council Monday night formally requested James T. Gobel, present part-time town manager, to serve as town manager on a full-time basis at the salary of \$6,500 a year. Monday's resolution made official the proposal which was agreed upon at an informal session June 5.

No statement is available from Federal Public Housing Authority concerning Mr. Gobel's resignation as community manager. The Council resolution left open the date when Mr. Gobel's full-time managership will begin, pending word from FPHA. In his letter of resignation, Mr. Gobel offered to continue on as community manager for FPHA until a new manager could be broken in.

Complete information on how the separation of town and Federal functions will affect Greenbelt-ers will not be available until a new community manager is appointed by FPHA, council members said Monday night. Several employees are known to be on both payrolls, notably Mrs. Mary Jane Kinzer and Mrs. Bertha Bonham. It is understood, however, that town and federal responsibilities have been clear-cut as far as operations are concerned. In the last year or two overlapping has been restricted to emergency periods, such as when town employees have been used to haul coal and Federal workers to remove garbage.

The question of office space is another matter that will have to await FPHA's appointment of a new community manager, Mr. Gobel said.

Stating that the action was taken "in the best interests of the community," Mayor George F. Bauer spoke highly of Mr. Gobel. "I don't know anyone who knows as much about Greenbelt or can do as much for Greenbelt as Mr. Gobel," he said. "Mr. Gobel is losing financially by this move, which is a good indication of how much he has the interests of Greenbelt at heart."

The Federal Public Housing Authority, as landlord of the \$17,000,000 Greenbelt property, receives and investigates applications for homes, collects rents, makes alterations and repairs, furnishes heat, light and water, and exercises general supervision over the property.

The Town of Greenbelt was incorporated in June 1937 under authorization of the Maryland State Legislature. A town manager form of government was erected by the charter with municipal authority vested in a council of five persons. Recreation, health, welfare, adult education and kindergarten programs are carried on by the Town as well as the public works (road maintenance, garbage collections) and public safety (police and fire departments) programs.

## To The Editor

### Garden Guardians

To the Editor:

Would you kindly call this to the  
attention of those people who  
might want to know?

We complainants dislike holding  
for arrest, any child or grown up  
who may be trespassing upon our  
or adjacent gardens in the "C"  
block plot.

We further dislike the trouble  
of swearing out a warrant and its  
incidental fuss.

However we plan to try the  
the above before we give up our  
gardens.

It is not pleasant to find your  
garden strewn samples of half  
grown vegetables, or that the Jun-  
ior Commandos have established a  
beach head in your plot with re-  
sultant embarrassment to growing  
plants. Thank you.

Twoirate Gardeners.

## Who All's Afraid Of The Atom Bomb?

To the Editor:

On the theory that fear and ig-  
norance go hand in hand, a small  
group has gotten together to study  
the problems of living in an atomic  
age. We hope, by becoming in-  
formed, to dispel some of our wor-  
ries about atomic bombs. We are  
using as basis for discussion a study  
kit issued by the National Commit-  
tee on Atomic Information. Other  
copies of this kit are available at  
the Tobacco Store, and anyone in-  
terested in forming similar groups  
can contact me at 4-R Laurel Hill  
Road for information as to pro-  
cedure.

## Houlton Resigns As Women's Head

At a special board meeting of the  
Woman's Club held last Thursday  
at the home of Mrs. Hartford S.  
Downs, Mrs. Samuel Houlton an-  
nounced her resignation as presi-  
dent. The vice-president, Mrs.  
Downs, will serve as president dur-  
ing the coming year. All other  
officers remain the same.

The board voted a ten dollar do-  
nation to the relief fund for the  
refugee Jewish people of Europe,  
and fifteen dollars to CARE to  
provide one box for some unfor-  
tunate family in Europe.

## Ambulance Needed

Dear friend:

Branchville Rescue Squad has  
just completed six years of success-  
ful operation, during which period  
we have tried to serve the public  
in a helpful and efficient manner,  
in spite of the fact that the man-  
power problem has been quite  
serious on account of the drafting  
of many of our fellow workers into  
the armed forces.

We first began operations on  
September 8, 1939, with our new  
Flexible-LaSalle ambulance, but it  
soon became apparent that it was  
most desirable to have another  
ambulance for use when the La-  
Salle was out of commission or en-  
gaged in some act of mercy when  
emergency sick calls were re-  
ceived, so that one ambulance  
could be available for these sick  
calls and the other for the numer-  
ous traffic accidents on our busy  
highways. We were fortunate in  
acquiring a used Nash which we  
were able to convert and use as an  
auxiliary ambulance devoted al-  
most exclusively to road accidents,  
reserving the LaSalle, whenever  
possible, for sick calls. The Nash  
did well for a used car, but was  
frequently in need of repairs and  
has now reached a point where it  
is no longer safe to continue it in  
operation, making it necessary to  
use the LaSalle to answer all road  
calls. As a result, there will often  
be times when this vehicle will not  
be available for sick calls. These  
sick calls are mounting steadily  
and the need for a second ambu-  
lance is now more vital than ever  
on account of the increasing num-  
ber of traffic accidents due largely  
to the suspension of gasoline ra-  
tioning and speed limits.

The territory served by the  
Branchville Rescue Squad is large.  
It runs from Cat Tail Hill to  
Laurel, and from the Montgomery  
County Line on the West to and  
beyond the Edmonston rd. on the  
East, embracing an area of ap-  
proximately 50 square miles, with  
a population of at least 25,000.

Our ambulances have traveled  
over 86,000 miles in the last six  
years, an annual average of 14,333  
miles. Last year we answered 347  
sick calls and 198 road calls, in-  
volving a total of 572 persons, and  
we expect a greater demand for  
our services during the coming  
year.

All of our services are voluntary.  
Our men are specially trained in  
first-aid work and give their time  
and energy whole heartedly with-  
out expectation of reward. No  
salaries or fees are paid, but our

of Greenbelt are invited to attend

noon of Sunday, June 23, from

Lake. Regular preaching service  
will be held to conclude the even-  
ing. Members and friends are in-  
vited to come and spend an even-  
ing of fun and fellowship. In the  
event of rain the preaching service  
will be held as usual in the home  
economics room of the Center  
School.

## Care Center Plans Summer Program

The Greenbelt Child Care Center  
begins a summer program on Mon-  
day, June 17, to include children  
from seven to twelve years. Simi-  
lar to summer camp, it will be  
conducted in Greenbelt on a day-  
care basis. Children will be super-  
vised from 7 a. m. until 6 p. m.  
five days per week. Their day will  
include morning and afternoon  
snacks, a well-balanced noon-day  
meal, and many recreational activi-  
ties, with a rest period in the af-  
ternoon. Swimming, swimming les-  
sons, softball, arts and crafts, and  
other facilities offered by the Re-  
creation department will be uti-  
lized by the Center in planning its  
program.

## PTA's Last Fling

The weather man smiled on the  
PTA's last activity of the year  
when families gathered at the lake  
last Friday from 5 to 8 o'clock.  
Following supper there was singing  
to the accompaniment of a guitar.

necessary expenses of operation  
have to be met. We do not make  
a charge for our services but occa-  
sionally some grateful patients will  
donate something for services ren-  
dered, dependent upon their ability  
to pay. These donations, while  
gratefully received and appreci-  
ated, fall far short of meeting the  
costs of operation. Our only  
source of dependable income is an  
annual allotment from Prince  
Georges County, which, however,  
does not nearly cover all of our ex-  
penses, nor does it provide for re-  
placement of equipment, and we  
must therefore appeal to our good  
friends and neighbors for assist-  
ance in raising sufficient funds to  
replace our worn out ambulance in  
order to make it possible for us to  
continue to function as an efficient  
unit.

To those of you who have not  
had to call upon us we extend our  
greetings and hope that your good  
fortune may continue. To those  
we have been privileged to serve it  
seems unnecessary to stress the  
value of our Rescue Squad. With-  
out the support of all of you we  
cannot carry on.

An authorized representative of  
the Branchville Rescue Squad will  
call upon you soon, and we ask  
your generous response to this  
appeal.

Yours for good health and safety

## Snug Harbor Beats Shamrocks, 10-4

The Greenbelt Shamrocks lost their first game in the Prince Georges County baseball league to Snug Harbor by the score of 10-4.

Snug Harbor opened their scoring early on Giller. In the first inning Lloyd walked, was forced by Puley at second, but Puley went all the way to third on an error and scored on Simond's single. In the third the visitors scored three times. Lloyd opened the inning again by walking. Puley advanced him to third with a single, and both men scored on Simond's triple to right field. Davis finished the scoring by sending Simonds home with another single.

Greenbelt scored its first run in the fifth inning, when Clark opened with a hit over second and was advanced to second on Joe Tod's hit. Clark however was out at third on the play. Todd scored on Zerwick's fielder's choice. Snug Harbor scored three more times in the sixth on hits by Erhardt, Puley, and Simonds, and finished their scoring in the eighth by counting twice more.

Greenbelt scored in the last two innings. In the eighth, Andrus singled for his second hit, went to second on Mintzell's second hit and both scored on Clark's hit. In the ninth, Boggs opened with a single. Stalisse moved him around with a hit, Andrus singled to Holochwest, running for Boggs. Mintzell got his third hit filling the bases, but Erhardt struck out the side to end the game.

## "Reps" Trowned In League Game

In a loosely played game last Tuesday the Greenbelt "Reps" lost their first game to Mt. Rainier by the score of 13-2. The "Reps" just couldn't do anything right. The defending Champs opened the scoring in the first inning, when Miller walked and scored the first run on Fisher's triple to center field. Bauman also hit a triple to the same spot to score Fisher. Then Keller got a double to score the third run, Wynn was hit by a pitched ball to put two men on base, and Frey was safe on an error filling the bases. Jordon then hit a three bagger to score the last three runs of the inning. Mt. Rainier scored again in the second, third and sixth innings. Greenbelt made their only two runs in the second on hits by Bauer and Foster.

On Saturday night two games were played in the Prince Georges County Softball league. In the first game Castle Contractors won their first game by defeating College Park Merchants by the score of 7-3. This team is improving with every start and will give all the teams in the league trouble in the rest of the league games.

In the second game of the double header, Mt. Rainier remained unbeaten in the County League by defeating Landover Hills by the score of 6-0. Tom Dobyns pitched the first no-hit, no-run game of the season.

The hitting stars of the game were Baumann, Callow and Mills. Each got two hits in three times at bat.

tually, we finally got the best one there." A twelve-hundred-dollar bid won the Administration Building, now at University Lane and New Hampshire Avenue extension. The building will soon be transported to a site in Greenbelt, roughly outlined at present to be facing the athletic field and the swimming pool and near the turn of Parkway Road.

The Committee's first bid, for an L-shaped building, fell through and was followed by an offer to give Greenbelt a school building at no cost. The school building, however, turned out to have potentialities for veterans' housing and the offer was withdrawn.

The Committee then submitted a bid on the present building which was accepted.

The building is forty by sixty feet on a lot approximately one acre. Additional land will be included in the plot to provide a memorial for Greenbelt veterans and a band shell planned for future construction. Once the formalities of surveying the site, signing the lease and transporting the building are done with, there will be problems of repair, painting, and furnishing. Volunteers will be needed for almost all of this work. Mr. Rogers stated, since rules governing priority prevent the Committee from spending more than a thousand dollars on actual improvement of the building.

At the same time, in order to realize fully the extension program the Committee has undertaken, the original goal of six thousand dollars must be achieved.

Councilman Rogers, coordinator of the project, said, "All organizations are urged to pay their pledges to F. L. Meriam, 21-F Ridge Road.

## Troop 202 Scouts Camporee Winners

Four patrols of Boy Scouts from Greenbelt's Troop 202 won the coveted award of achievement in the District Camporee last Saturday and Sunday at Camp Mulligan. Each of the 50 patrols in the camping competition was graded on its cooking, firebuilding, tent pitching and other phases of teamwork in woodcraft.

Local winners were the Eagles, with Dwayne Leifur, as patrol leader and Dan Purnell as assistant; Pioneers, headed by Jim Denison and Ted Coleman; Wolves, led by Ed Lewis and Bill Colliver; and the Apaches, with Bill Turner and John Wright as leader and assistant respectively.

and the tendency of visiting motorists to continue their excessive speeds.

Continuation of the Association's Housing Committee with its present personnel was agreed upon by the citizens. This committee, established to investigate the possibilities of local ownership of Greenbelt, recommended mutual housing as a possible solution. However, as Chairman Tom Ritchie explained, FPMA officials would not release necessary figures on the operating and maintenance costs of the town, since the Housing Committee lacked official status. Continued efforts to get the Town Council to elect or appoint an unofficial committee have been unsuccessful. It was decided to distribute the previously prepared report of the Housing Committee to all homes in town, and to continue educational efforts to promote the ownership of Greenbelt by its residents.

Hans Jorgensen moved that the Association go on record with FPMA as protesting the delays in negotiating a base for the expansion of Greenbelt Consumer Services. After discussing the speed with which arrangements for a planned liquor store had been completed, the meeting voted to send a letter of protest to FPMA.

Candidate for

## Commissioner

asks your vote  
in the Democratic  
Primary June 24th

To the Voters of Prince  
George's County—

In presenting my candidacy to the Democratic Voters of Prince George's County for member of the Board of County Commissioners I do so with a deep feeling of the responsibilities that go with that office. Prince George's County is one of the largest and fastest growing counties in America.

The years ahead promise even greater growth than the past—and with that will come greater responsibilities. A proper and orderly development of the County must be administered wisely and progressively—if we are to keep abreast of the other Counties that border on our National capital.

I was born in Prince George's County 43 years ago, —June 24th— (Primary Election Day) and educated in the public and high schools of Prince George's County. I am a practical builder and businessman of experience and I served ten years with the Municipal Architects Office of the District of Columbia as construction engineer. This training and experience should come in well in helping to guide the proper development of this great County.

We must keep our school system adequate and efficient. We must see to it that Prince George's roads are brought up to and kept in a proper state of repair—and that new roads are extended where justified. The police force must be so staffed and directed to be able to maintain law and order. The County hospital should be helped in carrying on its excellent work. These and all other functions of local Government should be carried on upon a proper business basis.

I should like to have the opportunity of serving my County and contributing to its sound growth and management.

Yours sincerely,  
Roland L. Nichols
